CHAPTER. I.

GENERAL.

Introductory.

Jhalawar is an Indian State in Rajputana with an area of 810 square miles and a population of 96,182 (census 1921). It consists of two detached parts. The main portion which comprises the Capital Jhalrapatan, is serpentine in shape and is about 85 miles long and from 3 to 17 miles broad. It is bounded on the North and North-East by the Kotah State, and on the other sides by the outlying districts of Gwalior, Indore, Dewas and Tonk States. The second portion is a very small tract, known as Kirpapur, situated between the outlying districts of Gwalior and Mewar States.

Revenue:—The gross revenue of the State for the year under report amounted to Rs. 7,00,777 the average of the last five years being about Rs. 6,58,337.

Imperial Tribute —The usual annual tribute payable by the State to the Government is Rs 30,000 but owing to the critical financial condition of the State, brought about by several causes, not the least among them being the partition of 1899, the Government of India have kindly agreed to the suspension of its payment for the present.

Ruling Family —The present Ruler of the State, His Highness Maharaj Rana Sir Shri Bhawani Singhji Bahadur K. C. S. I., belongs to the Jhala clan of Rajputs and is now 48 years of age. His Highness has one son, Maharaj Kumar Rajendra Singhji Bahadur, who was born on the 15th July, 1900 and is now living at Oxford for the purpose of his education. His Highness has also been blessed with a grandson, Bhanwarji Shri Virendra Singhji Bahadur, who was born on the 27th September, 1921, at Oxford (England).

Agency Officials:—Lt. Colonel F. McConaghey, C. I. E., I. A., worked as Political Agent upto the 3rd of February, 1922, when on His Highness consenting to appoint Colonel R. A. E. Benn C. I. E., I. A., (Retd), as Administrator of the State with full powers during his absence, the Government of India agreed to place the Jhalawar State in direct political relations with the Hon'ble the Agent to the Governor General, in Rajputana.

Agency Surgeon:—Major R. H. Lee, I. M. S., held charge of the Agency Surgeon, Kotah and Jhalawar till the 23rd October, 1921, when he was relieved by Lt. Colonel L. J. M. Deas, M. B., F. R. C. S. E., I. M. S., who continued to hold charge of the Office of Agency Surgeon throughout the year under report.

His Highness's Movement.

His Highness stayed out in England with the Maharaj Kumar, Shrimati Kumar Rani Sahiba and the new-born grandson, throughout the year under report. He lived generally at Oxford but had to go out occasionally to London and other places in England in response to literary and business calls.

Notable Events.

1 The question between the Mewar and Jhalawar Durbars, regarding the disputed ownership of the village Udpuria in the Kirpapur district, was finally settled by Mr. W. H. J. Wilkinson, Resident Mewar. Mr. Wilkinson met the representatives of both sides on the disputed spot and after a protracted discussion which lasted over about 3 weeks, delivered his award in favour of the Jhalawar Darbar.

2. The birthday of Her Majesty the Queen Empress was observed on the 1st December, 1921, and that of His Highness on the day following. The absence of His Highness on that happy occasion was, however, keenly felt by every body.

✓ 3. As a result of the arrangement made between His Highness and the Government of India, Colonel Benn, on his retirement from Government service, took over charge as Administrator of Jhalawar, with full powers with effect from the 4th of February, 1922.

✓ 4. On Colonel Benn assuming charge as Administrator, the Jhalawar State came into direct Political relations with the Hon'ble the Agent to the Governor General, in Rajputana.

5. His Majesty the King Emperor's birthday was celebrated as usual on the 3rd of June, 1922, the Royal Salute having been fired at day break, a general holiday observed, a Durbar held in the morning and sports in the afternoon at the Parade ground. Prisoners were also released in honour of the happy day.

CHAPTER II.

Administration of the State.

The Administration of the State was carried on by the Council under the guidance of Lt. Col. F. McConaghy, Political Agent, Kotah and Jhalawar, till the 3rd of February, 1922. On the 4th of February, 1922, Lt. Colonel R. A. E. Benn, C. I. E., I A (Retd.) assumed charge as Administrator of Jhalawar, with full powers and held the office upto the end of the year under report.

The Council was composed of the following Members, each member having charge of the department mentioned against his name:—

CHAPTER III.

Finance Department.

Thakur Shiva Nath Singhji continued to hold charge of the Account Department through out the year under report.

Budget:—As a rule a new Budget is framed every year and remains in force from the 1st of October to the 30th September. This year, however, no budget was prepared till the end of March, 1922. The last year's budget with a deficit of Rs. 1,69,200/- worked for some months when in April a revised budget was introduced to work till the end of September, 1922. When Colonel R. A. E. Benn assumed charge of the administration of the State the financial condition of the State was far from satisfactory. On the

one hand the old deficit budget of Samvat 1977 was still working, and on the other, the indebtedness of the State was assuming big proportions. The list of loans and liabilities as prepared at the end of the financial year showed that the State was then responsible for clearing off a debt of about $11\frac{1}{4}$ lacs of rupees. The old budget for the Samvat year 1977 (1920-21) with a deficit of not less than Rs 1,69,200/- was allowed to work during the year from October 1920 to March 1922:—

Budget estimate for Samvat 1977 for receipts	...	Rs. 7,23,000/-
Budget estimate for Samvat 1977 for expenditure	...	Rs. 8,78,043/-
Difference	...	Rs. 1,55,000/-
Further increase in expenditure (October 1920 to March, 1922)	...	Rs. 14,200/-
Total deficit		Rs. 1,69,200/-

In order to restore financial equilibrium it was necessary to prepare a surplus Budget and also to devote such of the assets of the State as could be easily spared to wiping out liabilities.

While revising the Budget in March 1922, it was discovered that the estimate for receipts was some what ambitious having regard to the fitful nature of weathers which affected the crops rendering there by chances of deriving good receipts uncertain. In order, therefore, to be on the safe side, it was deemed advisable to reduce the estimate of receipts from Rs. 7,23,000/- to Rs. 6,50,000/-.

This reduction of Rs. 73,000/- in the estimate of receipts further raised the deficit from Rs. 1,69,200/- to Rs. 2,42,000/-.

It was a very uphill task to make retrenchments in the working Budget to the extent of nearly two lacs and a half in order to be able to present a surplus Budget. In the first attempt without affecting efficiency but at the same time doing away with all such items as were considered to be non-essentials and luxuries the Budget figures were reduced as follows:—

Estimated receipt	...	Rs. 6,50,162/-
Estimated expenditure	...	Rs. 7,99,511/-
Difference	...	Rs. 1,49,349/-

This new Budget worked from April to September, 1922. At the close of the financial year the actual figures for ordinary receipts and expenditure stood as follows:—

Receipts	...	Rs. 7,06,543/-
Expenditure	...	Rs. 8,55,750/-

For extraordinary and other receipts and expenditure, vide Appendix XXII.

CHAPTER. IV.

Revenue Administration.

Personnel:—Pandit Shiva Kumar Chaturvedi B. A. Vidya Vinod, M. R. A. S. remained incharge of the Revenue Department throughout the year under report.

Divisions for Revenue purposes:—For revenue purposes the main portion of the State is divided into six Tehsils viz. Patan, Shri chhatrapur, Pachpahar. Awar, Dag, and Gangdhar, each Tehsil being in charge of a Tehsildar. The Tehsildars in addition to their main duty of collecting revenue, are also invested with Judicial powers, both Civil and Criminal. The six Tehsils and the tract of Kirpapur are all under the direct control of the Malsadar (Head Office of the Revenue Department.)

Area:—The total area of the land, according to professional survey, is 5,27,210 acres, out of which 1,64,377 acres were, in the year under report, Jagir and Muafi holdings leaving 3,62,833 acres as Khalsa lands: Jinswar records, as detailed below, are available only for 3,52,651 acres of Khalsa lands, those for the Kirpapur tract (10,192 acres) being not available:—

					Acres.
1.	Not available for cultivation	86.866
2.	Culturable waste other than fallow (including grass land and gardens)				1.68.667
3.	Forest (including Haukas)	4.227
4.	Current fallow	9,630
5.	Area cropped during the year:—				
	i. Pawat (irrigated land).	8,555	83,761
	ii. Mal (Dry land)	75,206	
	Total.	3.52.651

Demand and Collections:—The total demand and collections of land Revenue and cesses etc for the year under report amounted to Rs. 4,61,071 and 4,55,400 respectively, the corresponding figures for the previous year being, Demand Rs 4,44,700-11-8 and collections Rs 4,39,212-13-2.

There is a slight increase of Rs. 16,370-4-4 in the current year's demand as compared with that of the previous year. The items of increase are, however, of an ordinary nature and hardly call for any remarks.

The collections of arrears of Land Revenue including Taqavi Ismwar etc for the year under report amounted to Rs 10,127-6-6 as detailed below:—

No:	Particulars.	Kharij			Collected.			Total.		
		Rs.	as.	ps.	Rs.	as.	ps.	Rs.	as.	ps.
1.	Land Revenue	2	745	747

3.	Taqavi	6,093	15	...	6,093	15	...
4.	Ismwar including miscellaneous	20	8	...	2,839	9	6	2,860	1	6
Total								10,127	6	6

Current year's Taqavi:—A sum of Rs. 22,667/14/0 (out of which Rs. 5,970 from the State and Rs. 16,697/14/0 from the kashtkar fund) was advanced as Taqavi to the cultivators for seeds, bullocks, wells etc during the year, of which Rs. 16,425/6 were collected, leaving a balance of Rs. 6,242/8/0 (Rs. 5920 due to the State and Rs. 322/8/0 to the Kashtkar Fund). The details are as follows:—

	Advanced. Rs.	Recovered. Rs.	Balance. Rs.
1. Taqavi for wells (from the State)	5,970/	50/	5,920/
2. Taqavi for wells (from Kashtkar Fund)	92/	92/	...
3. Taqavi for Jamaiyat (from Kashtkar Fund)	16,605/14	16,283/6	322/8
Total	Rs. 22,667/14	16,425/6	6,242/8

Revenue cases:—The number of revenue cases instituted and disposed of during the year was as follows:—

	Past year	Present year.
Pending from last year ...	660	552
Instituted during the year ...	2,439	2,548
Total ...	3,099	3,150
Disposed of ...	2,547	2,608
Pending at the close of the year ...	552	542

Wages and Labour:—For some years the supply of labour has been very inadequate to the demand both in Towns and Districts with the result that the rates of wages have gone up considerably.

Food Control Committee:—As there were reasons to believe that the local traders had concealed their stocks of grains, it was decided to buy up all the small stocks and open a central shop for selling grain under strict control. The loan of Rs. 75,000/ advanced by Government being hardly sufficient for 6 months supply of food-grains, the sale proceeds had to be reinvested in further purchases. This process of selling and re-investing enabled the Committee to keep the shop running till the new harvest came in and the situation was relieved. The Committee utilized the loan to buy about 22,318 maunds of grain of the value of Rs. 1,43,000/ in round figures.

The actual amount of Government loan, taken by the State was Rs. 75,000/. Out of this amount Rs. 63,000/ have been refunded to the Treasury at Indore. A sum of Rs. 8,424/11/6 is still owing from various departments and State servants, and will be repaid, it is hoped, next year. Thus the total loss over these transactions amounted to Rs. 3,575/4/6 i. e. about 4½%. It was hoped to show no loss over these transactions, but grain which had to be purchased at high rates remained on hand at the very last moment when new grain came into the market to be sold at a comparatively very low rate.

The Durbar regret that circumstances should have necessitated an interference with local trade and only hope such a contingency will not recur.

They wish however to take this opportunity of thanking the Government for the sanction of the loan and particularly Cbl MacConaghey, who always took a lively interest in the affairs of the Committee offering valuable advice, and who made it possible for them to work out the whole programme to a successful issue.

Great credit is also due to the Committee for arranging matters with such tact and command over details as to cause a minimum of suffering to the people and loss to the State. In submitting his report on the work done by the Committee to the Hon'ble the Agent to the Governor General, the Political Agent was pleased to make the following observations:—

"The Committee deserves great credit for the work done in connection with the fund, especially Thakur Umrao Singh, Home Member, and Babu Rati Lal the Secretary. The former had to bear the burden of all purchases, sales etc and the latter of keeping all accounts."

Grass and Fodder:—The supply of fodder was fairly good.

Weather and Crops:—The monsoon broke in late. But the cultivators being tired of waiting for the usual heavy rains commenced sowing operations in the 3rd and 4th week of June, in areas which were sufficiently moist. Fortunately however good falls were recorded in the 1st and 2nd week of July and the sowing operations were completed in time. In the months of August and September the rainfall was fairly good, and properly timed, allowing of weeding operations to be resorted to at intervals. The condition of the standing crops remained satisfactory and the rainfall was heavy enough to fill up the wells and tanks. On the whole the rainfall was what could be desired and was well distributed. The outturn of the Kharif crop was good and as a result the prices of the food grains fell considerably. The prospect of the Rabi Crop also is promising.

Agricultural Department

Pandit Vidya Dhar Vajpai B. Ag. held charge of the department upto the 31st March, 1922, when on the agricultural department being abolished in pursuance of the policy of rerenchment, the services of the agricultural expert were transferred to the Revenue Department.

Opium Department.

Mr C. S. Delmerick remained in charge of the Department throughout the year under report.

Opium advances:—For purposes of Taqavi Advances to opium cultivators a sum of Rs. 1,89,000 was received from Government, out of which a sum of Rs. 1,44,000 was distributed as shown below:—

Tehsil.				Amount.	
Patān	Rs.	19,200
Shri-chhatarpūr	"	9,600
Pachpahar	"	19,200
Awar	"	30,000
Dag	"	30,000
Gangdhar	"	36,000
Total Rs.					1,44,000

Tour:—The Chief Opium Officer (Mr. C. S. Delmerick) went on tour in February, 1922, and again in the month of April, 1922, for weighments.

Cultivation:—The actual area placed under poppy cultivation was 7,404 Bighas 5 biswas as compared with 8,020 bighas 19 biswas of the previous year, the decrease in the area being chiefly due to the scarcity of water in the wells. The details of the cultivated area are as under:—

Tehsil.	Bighas.	Biswas.
Patan ...	926	11
Shri-Chhatrapur ...	549	4
Pachpahar ...	850	4
Awar ...	1,719	15
Dag ...	2,032	3
Gangduar ...	1,326	8
Total	7 404	5

Weightment and produce:—Collection of the poppy juice began towards the 3rd week of February, and lasted upto the end of March.

The opium weighments commenced on the 3rd of April, and were concluded on the 6th May, with the results noted below:—

Tehsil	Mds.	Seers	Ch.
Patan	79	38	13
Shrichhatrapur	44	33	6
Pachpahar	74	29	8
Awar ...	159	26	14
Dag ...	140	1	14
Gangdhar	93	1	0
Total	592	11	7

Out of the above quantity 12 Mds. 35 srs. 10 ch. of opium was made over to the Excise Department for Local consumption, and 579 mds. 25 seers 13 chataks, challaned to the Ghazipur Factory.

The produce, on the whole, was of high ^{consistently best} ~~quality~~ ~~consistency~~ ~~but~~ it is regretted that inspite of careful supervision it was not possible to send to the Factory wholly oil-free opium. In some cases the opium contained high percentages of oil and consequently with a view to check this bad habit fines had to be inflicted on the cultivators in the following Tehsils:—

Tehsil	Extent of Fine.
Patan ...	Rs. 2,049-0-1
Gangdhar ...	Rs. 457-8-0
Total	Rs. 2,506-8-1

Adulteration of opium:—Nine pots of Adulterated opium weighing 1 md. and 11 ch. delivered by the cultivators of different Tehsils were challaned to the Factory as suspected opium. All of these pots were finally declared to be unfit for Factory use and were returned to the State. The State, after deducting the fines due, distributed a sum of Rs 43/8/ for 14 srs and 8 ch. of opium to certain cultivators, the remaining quantity being confiscated.

Smuggling of Opium:—Only one case of smuggling was registered during the year under report. It was duly challaned to the Court of the Magistrate where the trial of the accused was conducted. The accused was finally released on the ground of insufficient evidence.

Budget allotment, Income and Expenditure:—The sanctioned budgeted allotment for the department was Rs 15,941/ , but the actual expenditure came to Rs 16,944/3/10, as given below:—
